Spring Projects and Outdoor Reminders

Since Spring has finally arrived, it is time to begin planning outside projects. Here is a quick overview of some of the most popular projects that require a zoning permit and safety reminders.

Burning

Due to dryness, please use extra caution until Spring blooming begins.

Car Ports

Carports require a \$35.00 permit.

If at a later date you decide to enclose all four sides, it then becomes an accessory building. All accessory buildings require a permit. Please purchase a permit before enclosing the sides.

Decks and Porches

If you are structurally altering an existing deck or porch, a permit is required.

If you are constructing a new deck or porch, a permit is required.

Driveways

Before altering an existing driveway or installing a new driveway, please follow this

procedure:

1. Purchase a \$75.00 permit .

It is the property owners responsibility to obtain the permit. We had many instances in which the property owner assumed the contractor applied for the permit and the contractor did not. If the contractor says that they have obtained a permit, please ask for a copy and contact the township to confirm that it is the correct permit.

2. Before work can begin, a preliminary site inspection has to be completed by the roadmaster to determine the driveway's requirements.
3. The work must be completed according to the township's specifications.
4. Upon completion, the roadmaster will do a final inspection.

Garages and Sheds

Require a permit. The fee

is based upon size of the structure.

Grass Trimming

To avoid a driving safety issue, kindly abstain from blowing your grass and trimmings onto township roads and right-of-ways.

Parking

Please be courteous to oncoming traffic, and do not park on township roads or right-of-ways.

Swimming Pools

Require an \$85.00 permit. Upon applying for the permit, please submit the pools specifications. The information will be forwarded to municipal codes association for inspection.

If a permit is not obtained, the fee is doubled. To avoid this situation, please contact the township's zoning officer at 724-285-1168 for any questions.

Address:
**502 Bonniebrook Road
Butler, PA 16002**

Telephone:
724-285-1168

**Held the second
Tuesday of every month at
7:00 p.m.**

Zoning Hearing Board:
**Meetings held on
as needed basis.**

Work Zone Driving Tips

www.modot.org/workzones/safety

Here's the three "S's" of managing work zones safely:
Speed, Space and Stress. Handle these three factors and you're almost home free.

1. **Manage your Speed.** Slow down when approaching all work zones. You will be there quicker than you think. Follow posted speed limits. Don't resume normal speed until signs indicate it's safe to do so.
2. **Manage your Space.** Leave room for adequate braking . Don't pass on the shoulder. Watch for tailgaters.
3. **Manage your Stress.** Try your best to stay calm, pay attention, and expect delays.

Road Projects

Road construction season has begun, please help keep our road crew safe by paying extra attention to construction signs and speed limits.

If you have unwanted computers, printers, televisions, phones, cleaning products, batteries, propane cylinders, paint products, small freon appliances and the list goes on and on.

ECSR
129 Ash Stop Road
Evans City, PA

ECSR offers a recycling service. They have various Saturday drop-off days throughout the year. An appointment is required and a nominal fee applies. For more information and collection dates, please Call 1-866-815-0016.
